SECTION OF NO. ENCLATURE

CERTIFICATE OF NURSERY INSPECTION

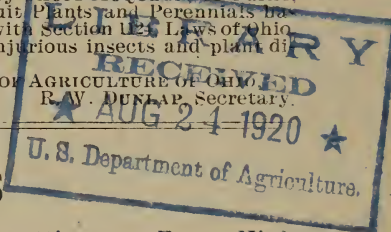

No. 172.

COLUMBUS, OHIO, September 18, 1915.

THIS IS TO CERTIFY, That the nursery stock for sale by JACOB McQUEEN, of Baltic, County of Tuscarawas, State of Ohio, consisting of Small Fruit Plants and Perennials has been inspected by a duly authorized inspector, in compliance with Section 123, Laws of Ohio, 1913, and has been found apparently free from dangerously injurious insects and plant diseases. Valid until September 15, 1916, unless revoked.

N. E. SHAW, Chief Inspector.

Signed, BOARD OF AGRICULTURE OF OHIO
R. W. DUNLAP, Secretary.

Soy Beans

We have spent quite a sum of money and time getting our Extra High Yielding Soy Beans. This bean is best for seed we ever tried and mighty good for hay. We have drilled in rows 40 inches apart, using 20 lbs. seed to acre. You could not tell if they were drilled solid or in rows. Does well on any soil. Stands poor soil as good as any and will mature anywhere in Ohio. We have not found anything to compare with it for yield of seed. Requires about 110 to 115 days to mature. Rows 23 to 30 inches apart are possibly best. 20 to 25 lbs. seed to acre.

Price—1 bu. \$5.00; 1-2 bu. \$2.60; 1 peck \$1.50

Have another strain No. 2, grows and yields nearly as well and has some damaged beans among them. Excellent for grain or hay. Better use $1\frac{1}{2}$ to 2 bu. to acre for hay. Price \$3.50 per bu.

For other varieties better write HOLMES-LEATHERMAN SEED Co., Canton, O.

Dahlia and Canna

We have 50,000 Dahlia and Canna Roots. Over 200 kinds. Will sell these at bargain prices. No trash—no bad ones—all labeled true to name. We will meet any price made by a reliable firm, if you will send me your money, \$1 or over, and tell me what kind you prefer, i. e. Cactus, Show, Decorative, Dwarf or Tall Free-Flowering or new high priced sorts.

We grow for wholesale trade and do not have time to fill orders for less than \$1. Also prefer to send by express. We can send stronger roots than by mail. We try to please you when sent by Parcel Post. Want to show you what great bargains we give. Your friends will want some next year.

Tell us what you can use and we will price them to you.

All are field grown roots.

Thornless Raspberry

This is absolutely thornless. Fine flavor. Better and more productive than any red variety we ever tasted. Price:—Plants 10c each, postpaid.

Let us have your order. Come and see us if convenient.

Thanks for past favors and trust to merit a continuance of same,

JACOB McQUEEN, BALTIC, OHIO

P. S.—Send money anyway most convenient to you. We keep no accounts so you need not help pay bad debts.

P. P. S.—If order for Dahlia and Canna amounts to \$5, it will be sent to you all charges paid. You get this just as I wrote it. Whatever goes under the name of McQueen Bacteria Co., is corrected by Mr. Keyser, so it sounds right. Many send \$1 and tell me to send \$1 worth Dahlia Roots by mail to some friend. I do it and tell them who paid for it. I am ready to wait on you.

Bargains in Dahlia and Canna.

If you don't know just what you want in the way of Dahlia and Canna roots, leave the selection to me. Send me as much money as you want to spend for these roots and I will ship you an assortment which will fill your heart with gladness.

Flowers put color into life and make it worth living. I raise Soy Beans for my hogs and cattle, but flowers for myself and my family. Goodness knows! There is enough drudgery on the farm! Why not cultivate a little beauty?

Awaiting your commands, I am,

Cordially yours,

JACOB McQUEEN,

BALTIC, OHIO.
